

IHSAA Football & Basketball

[93.5/107.5/1070 The Fan](#) is the flagship radio station for the IHSAA Champions Radio Network, which broadcasts the State Finals for football, girls & boys basketball and baseball.

But WFNI's association with high school sports is more than just the title games!

Beginning in mid-August all the way through the playoffs, the station produces a prep football "Game of the Week" always featuring a top match up of local rivals. Several in game features – such as the injury report or keys to the game – are available for sponsorship.

Bob Lovell's Indiana Sports Talk follows The Fan's Game of the Week with a roundtable look at High School Football across the state.

And frequently on Friday's during football & basketball seasons, the Jeff & Big Joe Show and The Ride with JMV provide preview looks at that evenings upcoming the station's Game of the Week.

The station does the same for boys basketball as scheduling allows during the winter.
