

# SIGNATURE EVENTS

This year marked our 4th annual **Acoustic Stars & Guitars** with performances by **Maddie & Tae**, **Jimmie Allen**, **LOCASH**, and **Gone West**! We love this concert because it gives our listeners an intimate, *one-of-a-kind acoustic experience*, featuring of a variety country artists virtually or on one stage together for one night only. During the show the artists take turns playing their biggest hits and telling stories behind the music.
